trodding the boards ...from M-23

This show was so full of our town's best performers I can only say that not one of them did not throw themselves into their roles giving the audience a truly finely tuned performance. If I had space

to mention the whole cast, patrons would recognize every name as a starlet. If TSL does the next show, Rogers & Hammerstein's Oklahoma as well as the first two, we can all be blessed we have such talent and even more so that TSL is not influenced by those pretentious poseurs of Les Precieuses Ricules of Tulane University's Department of Theatre and Dance.
